

CHÂTEAU DE NAGES - HERITAGE - WHITE - 2021

This magical terroir gives naturally exuberant wines. Our family works this land to privilege its wines' freshness and balance. Its Rhone signature recalls the most prestigious appellations in the southern part of our beautiful valley.

We started harvesting the whites in the last week of August, noting very low yields but with very good balance, and in particular, acidity well above average. This year, we're letting some of our white barrels go through malolactic fermentation, and I am convinced that 2021 will be a great year for whites.
